

Voluntary Service Freiwilliges Soziales Jahr (voluntary social year) and Bundesfreiwilligendienst (Federal Voluntary Service)

Show strength together!

Voluntary service offers you many opportunities. You will gain experience in dealing with people and learn valuable skills through your daily work. A voluntary service can be a good option for bridging waiting times on vocational education or a study place.

Volunteers in our facilities work with people with disabilities. Voluntary service is possible in care facilities, kindergartens or individual accompaniment/assistance. You will be supported by a qualified co-worker. All work places are situated within Baden-Württemberg.

In addition to your work at our facilities you will be able to attend various seminars. At these seminars you will receive useful information about subjects relating to your work. You will also reflect on your work and strengthen your social skills. The seminars are held in German.

You can apply at any time.

We are looking forward to your application.
For any questions, just call in or write an email.

Reha-Südwest gGmbH
Freiwilligendienste, Rahel Röhner
Markgrafenstr. 17/19, 76131 Karlsruhe, Germany
Telefon 0049 721 9327450, freiwillige@reha-suedwest.de

Remuneration

- 430 Euro per month
- social insurance
- reimbursement of travel expenses
- accommodation (optional)
- 28 days annual leave

Voluntary service is recognized as an internship by many vocational education institutions and can greatly enhance prerequisites for admission to social studies.

Requirements

- Good knowledge of the German language
- Interest in working with people and learning new skills
- Willingness to actively support people

Documents needed

- Completed application form (in German)
- CV (in German) including photo
- Copy of your latest certificates
- Proof of participation in German language courses

Visa

You need to organize a visa yourself. Please note that you must include a valid voluntary service agreement with your visa application.

Die Freiwilligendienste werden gefördert durch das Bundesministerium für Familie, Senioren, Frauen und Jugend (BMFSFJ) und Ministerium für Soziales, Gesundheit und Integration aus Mitteln des Landes Baden-Württemberg.
